About Us

Ohio Freedom Action Network is a network of conservative group leaders around Ohio.

Our Mission:

The Ohio Freedom Action Network will bring together like-minded leaders from across Ohio to facilitate communication and coordinated actions in the cause of perpetuating our God-given inalienable rights of Life, Liberty and the Pursuit of Happiness.

Our Vision:

The Ohio Freedom Action Network will support conservative leaders by fostering cooperation, sharing ideas, promoting common Calls to Action, championing individual freedom and advocating for constitutionally limited government with fiscal responsibility. We will advance the principles of self-governance by promoting traditional American moral values, citizen engagement at all levels of government, and by holding our elected officials accountable to their oaths of office.
